

ENERGY COMMITTEE MEETING SUMMARY:
Meeting held on August 7, 2008

Guest Speaker: Pratap Talwar - Thompson Design Group

The committee discussed the following:

- Summary of Oceanfest - Team Jump Off Volunteers
- Success in Education
- Energy Audit - Determine appropriate buildings to be audited
- Motor Vehicle Fleet - gas reduction, use etc.
- Long Branch Goes Green Brochure
- Long Branch Green Pages Update
- Possible green products
- Master plan update status
- Status and role of an Environmental Commission
- Ideas for volunteer recruitment and event
- Vision statement and goals worksheet

These efforts will continue to help build a greener tomorrow in Long Branch. As city progresses in creating a greener, cleaner, cooler, energy-efficient municipality through its monthly Energy Committee meetings and developments, the Green Pages will be updated with ideas and ways that the city and its residents can work together towards this goal.
